

7TH ASIAFORGE MEETING 2019

(Concurrent with 2nd Forgetech India)

CHENNAI, INDIA
18 - 22 January, 2019

We are pleased to inform you that the Association of Indian Forging Industry (AIFI) was bestowed with the honour of hosting the 7th ASIAFORGE Meeting 2019 India. This decision was taken at the 6th ASIAFORGE Meeting 2016 held in Japan. After due consideration and study AIFI has decided to organise the 7th ASIAFORGE Meeting 2019 India in Chennai from 18 January 2019 to 22 January 2019, inclusive of plant tours.

In over 52 years, Association of Indian Forging Industry (AIFI) has had the opportunity to host International Forging Congress (IFC) 1990 at New Delhi, ASIAFORGE 2008 at New Delhi and IFC 2011 at Hyderabad. Over 550 delegates from the Asian forging community participated in the ASIAFORGE Meeting 2008 India whereas in the IFC 2011 there were more than 1000 delegates from across the globe. Recently, AIFI successfully organized the first edition of Forgetech India 2016 at Gurgaon, which witnessed participation from 400 delegates.

In the ensuing ASIAFORGE 2019 India (AFM 2019 India), we expect about 750 delegates from the Asian forging fraternity; besides there would be about 50 foreign delegates. As a part of the conference, we plan to have technical sessions spread over the two days and some special guest lectures. Apart from this there will be a concurrent exhibition where the suppliers of forging equipment and accessories will showcase their latest technology and innovations.

The delegates would consist of (i) MDs, CEOs, Presidents, Directors of forging companies and institutions in India; (ii) Top management and senior officials from forging companies; and (iii) Middle management and senior engineers associated with forging and allied activities. It is expected that the AFM 2019 India would be one of the largest gathering of representatives from the Forging Industry at a single point covering the multifarious dimensions of Forging Trade and Industry including presentation of technical papers by globally renowned experts on the developments within the industry, exhibition of supplier's inputs including equipment and machinery, plant visits for the foreign delegates as well as the cultural events representing best in India. It is expected that AFM 2019 India would contribute not only to the progress of global forging industry but also to the development of automotive and other related industries.

Your company has been associated with the global forging community and with the Indian forging companies. AFM 2019 India would be a great opportunity for your company to interact with the forging fraternity in one place. Hence, we seek your support in taking up one of the following:

- Title Sponsorship
- Diamond sponsorship
- Platinum Sponsorship
- Gold Sponsorship
- Silver Sponsorship

Details of the rates applicable to these and the benefits there from are given in the Annexure to this letter.

We will be grateful for your favourable response and in helping us to make this event a great success.

With warm regards

S Muralishankar
President-AIFI
